

Canterbury Concepts

The original studreach grabrail

Registered supplier

Just some of the possibilities

Canterbury Concepts grabrails are simply the **first choice** when considering **safety, adaptability, affordability** and **appearance**.

Our mission

To provide an affordable means to assist the aged, frail and disabled to stay in, or return to, their home where they can be safe and independent.

We are proud of our ongoing relationships with Occupational Therapists nationally, government programs such as Home Assist Secure (HAS), Home Modification and Maintenance Service (HMMS), Home and Community Care (HACC), builders, home maintenance businesses and senior citizens centres to name just a few.

Grabrail features

- ✓ Safety - grabrails are fitted stud to stud to maximise stability and strength
- ✓ Compliance with AS1428.1, Design for access and mobility
- ✓ Superior performance - grabrails have been tested to far beyond the prescribed 1100N
- ✓ Amazingly adaptable modular configurations from the simple to the complex
- ✓ Tried and proven - reliability through years of continuous testing and improvement
- ✓ Available in powdercoated slip resistant and textured finishes
- ✓ Attractive beige or white
- ✓ Easy to install
- ✓ Affordable
- ✓ The best
- ✓ Australian made and owned since 1989
